

10TH

EURO  
ELSO

LONDON

4-6  
MAY

2022

Bridging  
the Gap

[euroelso-congress.com](http://euroelso-congress.com)

Dear colleagues and friends,

After the latest developments and success in stemming the COVID pandemic, we are delighted to now invite you to our 10th EuroELSO Congress, which will take place again in person from 4 – 6 May 2022 in the Queen Elizabeth the 2nd Conference Centre in London, UK.

The EuroELSO scientific committee is developing an extensive program covering all aspects of extracorporeal life support therapies.

Intensivists, cardiologists, cardiac surgeons, pediatric and neonatology specialists, perfusionists, ICU nurses, physiotherapists and dieticians will gather to share their clinical experience and discuss new technologies and latest directions in research.

Of course, we will also focus on learnings and outcomes of Corona, which had tremendous impacts on our daily work and further developments in the field of ECMO.

We look forward to welcoming you in London in 2022 and to create an outstanding congress experience for you!

**Dr. Nicholas Barrett**  
**Congress Chair**

### Scientific highlights

- > Broaden your general knowledge on all aspects of ECMO
- > Meet your colleagues from around the world, exchange ideas and knowledge, expand your network
- > Participate in the preconference meet the expert discussions
- > Consider ECMO as part of the patient journey, explore adjuvant therapies
- > Gain exposure and recognition – submit an abstract for review and present your results to ELSO community
